

BLACK and BLUES

Loose blues feel

Lyrics and Music: Becky Llewellyn

The musical score is written in G major, 4/4 time, with a loose blues feel. It consists of ten staves of music. The lyrics are written below the notes, and guitar chords are indicated above the staff. The lyrics are: We've got the re-con-ci - li - a - tion BLUES. Re-con-ci - li - a - tion gets us down. How can fair-ness make the news when so much hurt still lies a - round? 'Cuz we've been punched, and are wea - ry too. We're all feel - in' BLACK and BLUES. Seems some WHITES can't get e - nough of what's on and in our lands. They turn GREEN when we claim some stuff and change the law to tie our hands. We're not feel - in' in the PINK. Re-con-ci - li - a - tion makes us think... We love our flag co - loured bright and just. It's BLACK for our his - to - ry. It's RED for our blood in dust and YEL - LOW, our e - ner - gy! Don't mine our land and turn it BROWN. With - out our land and cul - ture we drown. Now what can each of you do to build lives and cre - ate real hope? Make a friend of COL - OURED hue and hear sto - ries of how we cope. Face the past, make up to - day or your fu - ture's kind of GREY. O - pen your hearts and ears. Let's move for - ward hand in hand. Change the COL - OUR of your fears, BLACK and WHITE through - out our land. 'Cuz we've been punched and are wea - ry too. We're all feel - in' BLACK and BLUES.
